THE INFORMED CHOICE FOR THE INDEPENDENT TRAVELLER

The Portfolio Collection launches its 28th edition, Country Places City and Safari Collection 2010. The collection offers an inspired selection of Country Houses, Boutique Hotels and Private Game Reserves.

As excitement builds up to the 2010 FIFA Soccer World Cup, many new establishments have opened their doors to welcome guests.

Each Portfolio establishment is personally visited and assessed annually, if not more often, by a team of assessors. They subscribe to Portfolio's philosophy of Pride and Personal Service.

Africa Collection offers a full and complimentary reservation service for any of the Portfolio Collection establishments.
