## ***Mauritius Island of Mauritius***

Mauritius lies in the Indian Ocean with miles and miles of white sandy beaches, and is known as the place where people fall in love and return again and again. The vast beaches, swimming pools and palm trees light up in the evenings to make the most beautiful and romantic settings for a wedding location.

We have selected a few hotels which we feel will make sure your day is one to remember - Beau Rivage, Legends and Les Pavillons. Choose to marry on the beach or under a gazebo in the tropical gardens.

To make your wedding day even more perfect you can opt for a spa session or manicure before the ceremony.
